FEATURES

Connect Wherever You Are

Connect seamlessly to with our integrated app allowing you to monitor, feed, and maintain your plant on the go.

Automatic Adjustments

Your artificial intelligence planter comes with optimized growth presets. Simply insert your plant, add your nutrients, and let it grow.

Optional Manual Mode

For those of us that grow up with tamagotchis, manual mode allows you to take control of when your plant is fed and add custom growing modes.

Water Saving

Through the water reservoir, your plant drinks as it needs water. Meaning you only have to refill over 2-3 weeks via an app reminder.

Faster Growth

In general, your plant will grow 2-3 times faster when paired with a Growbot. This is due to a more efficient nutrient delivery system.

Outdoor & Indoor

Growbot is designed from the ground up to be versatile. Grow up to a 20" plant in your living room or porch.

Olympus Mons is a very large shield volcano on the planet Mars. The volcano has a height of nearly 22 km (13.6 mi or 72,000 ft) as measured by the Mars Orbiter Laser Altimeter (MOLA). Olympus Mons is about two and a half times Mount Everest's height above sea level. It is one of the largest volcanoes, the tallest planetary mountain, and the second tallest mountain currently discovered in the Solar System.

A lovely reminder of how beautiful change can truly be.
Prije nego što se na to baš nikada nismo razmišljali i ovaj B&W magazin.

Tako je izgledalo kada smo krenuli sa svojim mislima, ali to je bilo samo početkom i ovaj B&W magazin je bio samo početak. Također, ovaj B&W magazin je bio samo početak i ovaj B&W magazin je bio samo početak.

Nakon toga, "Black&White" je nastavlja sa svojim mislima i ovaj B&W magazin je bio samo početak. Također, ovaj B&W magazin je bio samo početak i ovaj B&W magazin je bio samo početak.

Prilikom ovog procesa, ovaj B&W magazin je bio samo početak. Također, ovaj B&W magazin je bio samo početak i ovaj B&W magazin je bio samo početak.
